 BackEnd

Application Crowdfunding is a form of funding for those who need funds in development, where the funds are obtained from several people.

❖ Web Developer

Application Manufacturing report for PT
GS Battery. An Application that records
production activities from start to finish.

[illegible]

❖ Web Developer

Application Master data for PT GS Battery.
All master data, like item number, line,
machine etc.

The screenshot displays the Master Data application's 'Line' management page. The left sidebar contains navigation options: Master Data, Plant, Location Post AMB, Departmenten, Sections, Lines, Group, Line Group, Dierdorf, and Importer. The main area shows a table of lines with columns: No., Nama Line, Section, Line Item, Update, and Delete. There are five entries listed, each with a green status icon and a blue update button. A search bar at the top right shows the date '16 November 2021 / 27:54:51 AM'. Below the table, there are buttons for 'Tambah Line' and 'Print'.

No	Nama Line	Section	Line Item	Update	Delete
1	Acd Filling Line 1	MCS VRLA Chg			
2	Acd Filling Line 2	MCS VRLA Chg			
3	Acd Filling Line 3	MCS VRLA Chg			
4	Acd Filling Line 4	MCS VRLA Chg			
5	Acd Filling Line 5	MCS VRLA Chg
